This building was comparatively inexpensive, the total cost being about \$19,000 at the rate of 15.4 cents per cubic foot, the first floor being fireproof. BLOW AND CARDOZA SCHOOLS. Plans are shown of the H. T. Blow School and the F. L. Cardoza School, each of which shows what is known as the 8-room cartwheel plan. In the basement are provided boys toilet and play room, girls toilet and play room, with all of the necessary heating and ventilating apparatus and storage for wood and fuel. On the first and second floor each in both schools are 4 class rooms, each with bilateral light, and each with a cloakroom opening into the class room, and also into the corridor, the rooms being symmetrically arranged about the center in such a way that the cloakroom of one class room is always under the view of the teacher at her desk in the opposite class room. On the first floor a space opposite the entrance is utilized to provide an office for the principal, and on the second floor this same space is utilized to provide a teachers room, and the space over the entrance to provide a small library room, the 2 similar spaces at the sides of the buildings being given up to stairs. This cartwheel type...
