

Collaborative Learning: Higher Education, Interdependence and the Authority of Knowledge

By Kenneth A. Bruffee

JOHNS HOPKINS UNIVERSITY PRESS, United States, 1999. Paperback. Book Condition: New. 2nd Revised edition. 229 x 152 mm. Language: English . Brand New Book. In Collaborative Learning, Kenneth Bruffee advocates a far-reaching change in the relations we assume between college and university professors and their students, between the learned and the learning. He argues that the nature and source of the authority of college and university professors is the central issue in college and university education in our time, and that if college and university professors continue to teach exclusively in the stand-up-and-tell- em way, their students will miss the opportunity to learn mature, effective interdependence-and this, Bruffee maintains, is the most important lesson we should expect students to learn. The book makes three related points. First, we should begin thinking about colleges and universities, and they should begin thinking about themselves, not as stores of information but as institutions of reacculturation. Second, we should think of college and university professors not as purveyors of information but as agents of cultural change who foster reacculturation by marshaling interdependence among student pers. And third, colleges and universities should revise longstanding assumptions about the nature and authority of knowledge and about classroom...
