

Crs Report for Congress: Japan-U.S. Relations: Issues for Congress: April 25, 2003 - IB97004

By Richard P Cronin

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.The United States has long worked closely with Japan to build a strong, multifaceted relationship based on shared democratic values and mutual interest in Asian and global stability and development. Although the Bush Administration came into office with an avowed determination to promote closer alliance relations, the failure of the government headed by Prime Minister Junichiro Koizumi to overcome economic stagnation that has lasted more than a decade has started to lower U.S. regard for a country which otherwise remains an important military ally. U.S.-Japan relations concern Members and Committees with responsibilities or interests in trade and international finance and economics, U.S. foreign policy, ballistic missile defense (BMD), and regional security. The latter include North Korea's nuclear and missile proliferation and China's potential emergence as the dominant regional military power. Congress has been particularly interested in issues concerning U.S. military bases in Japan, which have played a key role in supporting the military campaign in Afghanistan and the military buildup near Iraq. In October 2001 the Koizumi government gained parliamentary passage of legislation permitting the despatch...
