Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Given the title of the book here within its depth I travel beyond the ego of the city streets to the soothing of nature's smile. I write thru the flowing ebb of emotion that describes the un-describable, like a painting capturing the essence and placing you there within it (to feel it openly and to share the experience both of pleasure and pain). Within these poems I express and strip to the core, the perception of life and in what we give. Thru the truth reflecting, the flesh and soul, built around the skeleton spirit of who we are. The Door-way lets cast out the memories and fulfill the dreams escape the mind and heal the heart with depth of soul igniting daylight passions and the mystic of nights ebbing flow burn, burning into the flames of midnights tow stars and moonlit skies half- mast d in death and birth.
