## Inventing Freedom: How the English-Speaking Peoples Made the Modern World

By Hannan, Daniel.

Broadside Books. 1 Cloth(s), 2013. hard. Book Condition: New. By the 10th century, some thousand years ahead of most modern countries, England was a nation-state whose people were beginning to define themselves by inherited common-law rights. British politician Daniel Hannan argues that the ideals and institutions we consider essential to supporting our economic and political liberties—individual rights, private property, the rule of law, and representative government—are not broadly Western; rather, they are the legacy of a very specific tradition born in England and passed on to America and other former British colonies. Hannan explains why the extraordinary idea that the state was the servant, not the ruler, of the individual evolved uniquely in the English-speaking world. "With the eloquence of Macaulay or Trevelyan—both of whom are liberally quoted here—Hannan sweeps us through English history to show the triumph of law-based liberty and 'that total understanding which can only exist between people speaking the same tongue'." *Telegraph* (London) 395.
