B-276828 The conditions described in this report result in an unnecessary Conclusions and expenditure of resources to destroy parts that do not actually require Recommendations destruction. In some instances, the government also loses the increased revenue that could be derived from the sale of usable parts to prospective DOD supply system buyers and the opportunity to return usable parts to the to avoid unnecessary procurements or repairs. Accordingly, we recommend that the Secretary of Defense take the following actions to prevent the destruction of usable aircraft parts. Provide guidance on selecting appropriate demilitarization codes that includes the specific details necessary to make appropriate decisions. The guidance could take the form of the draft demilitarization code assignment worksheet being used by the Air Force. Exclude commercial-type parts and nonsignificant military unique parts that do not have military technology and flight safety implications from policies and practices intended to prevent an inadvertent sale of parts with...
